Man could now fly and it was truly amazing for decades after wards. "Aerial Aces of the Universal Newsreel: A Researcher's Guide to the Aviation Related Stories Released Nationally by Universal Pictures 1929-1931" discusses the amazing newsreels of the early days of flying that Universal studios commonly placed within its films during this era. It was common for an amazing aviation story to be included. Focusing on these daredevils of a new technology, "Aerial Aces of the Universal Newsreel" proves to be a riveting read with plenty of awe-inspiring history.
