Projected History: A Catalog of the U.S. National Stories Released by Universal Newsreel Volume One 1929-1930 lists over 1275 nationally released newsreel titles, covering the first two years of what was once known as the Universal Newspaper Newsreel. The reference to each individual news story is no more than a title and one or a handful of sentences encapsulating the story, such as "Runaway Train Plunges Down Mountain: New Castle, PA - 210,000 tons of coal spilled, 32 cars wrecked, but nobody is hurt. Some of the derailed cars hung on the edge of a steep embankment." A solid archive of history's highlights, compiled into an easy-to-use resource for quick reference, and enhanced with an exhaustive title index.
